

There new Public Health Orders that take effect tomorrow, they include

- 1) **No visitors to households – the only exception is people who live alone can have one designated person visit them.**
- 2) **Outdoor gatherings are limited to 10 people in public places. That impacts our pergola area as well as the bocce court. Please ensure that no more than 10 people are out at the bocce court (this includes players and spectators). And please ensure that there is no more than 10 people at any given time in the pergola area, and each table should only have no more than 4 people.**
- 3) **Mask use in the building continues to be mandatory, except if you are in your suite or swimming in the pool.**
- 4) **The MPR room remains closed.**
- 5) **The pool can remain open so long as the Covid protocols continue to be followed.**

AGM – we were unable to hold our normal June AGM last June due to Covid and gathering size restrictions. Here we are another year later, in the same situation. I have made the decision that we are going to hold the meeting this year virtually. There are many of us now that are likely very comfortable using computers/ipads, etc. for Zoom or Facetime, especially thanks to the pandemic where that is how so many of us stayed connected with family and friends. I am hoping that the tenants who do not have this capability will be able to have their family's assist them to connect to the meeting. **Please mark your calendars for Thursday, June 17, 2021 at 6:30 p.m.** Formal notices will be forthcoming along with the 2020 Financial Statements once they are finalized.

Alteration Requests: Due to the increasing number of cases and the variants of concern, we are hoping that tenants can put their renovations off until later in the year. However, we will consider them, especially if you are planning on selling. There are additional Covid19 protocols and requirements that tenants need to be aware of, as well as for the contractors, to meet prior to approval being given. Contact the office to obtain the Alteration Request documentation.

As per the Chief Medical Officer of Health of Manitoba, please continue to be vigilant about the following:

- Practice physical distancing – please ensure you stay 6 feet away from others who do not live in your home.
- Only one person or family per elevator.
- Continue to ensure any visitors to the building have not travelled recently and are not sick.

As mentioned before, any use of the common areas (hallways, tables, chairs, car wash, etc.) are at YOUR OWN RISK.
